## Peter Nicolay Riesling Eiswein

### **Terrior**

Eiswein is very limited since it can only be picked in the northern cool climate zones and thus are just made in Canada, Austria and Germany. Single vineyards with high elevation and a cooler micro climate are specially not picked in the normal October harvest time waiting for the first deep freezing temperatures. Total Eiswein production is ranging from 1-2% of the total harvest but is just made in vintages where the freezing temperatures came in December, around 5 times in a decade.

### **Description**

This is a carefully selected, handmade wine. It is a unique dessert wine produced from grapes that have been frozen while still on the vines. The sugar does not freeze, but the water does, allowing a concentrated grape must to be pressed from the frozen grapes, resulting in a smaller amount of more concentrated, very sweet wine, with a high acidity. Perfect for desert.

### **Food affinities**

This wine works well with any kind of desert. Try it with Panna Cotta or Crème Brulee.

### **Quality level**

Eiswein

### **Varietal**

100% Riesling

### **We Say:**

„Lean, racy and with a laser beam of candied citrus, dried apricot and smoky mineral notes. Crisp, tangy finish!”
